Parents and Coaches Expectations

Parenting and coaching are both challenging and rewarding responsibilities. As a coaching staff, we feel that clear expectations for both coaches and parents are essential in order to create the best environment for all concerned. The following information will provide guidelines for parents as well as information on our program’s purpose and philosophy.

Our Purpose
The purpose of our baseball program is to provide our student-athletes with a positive experience through their four years at Wylie High School. We will strive to fulfill our student-athletes’ potential on the field and guide them toward becoming a better citizen off the field. Throughout their four-year journey we will lead, teach, inspire and encourage our players to be the best of which they are capable of becoming. Our coaching staff will be the embodiment of professionalism and caring. We will always remember our coach’s goal is to leave our athletes with a positive experience. After they have graduated our players will not remember how many games that they have won or lost, but knowing they were important part of the Wylie Baseball Team.
